

Approaching \$2 million dollars

Major projects are already underway!

Through the prayers and support of everyone in our parish community, and the financial contributions of nearly 550 donors and families, totalling more than \$1,800,000, we are making great progress on our capital campaign.

Projects completed in 2008

Costs have been paid in full.

- **New church roof**—An anonymous donor helped us launch the campaign with a gift matching the entire cost of this project
- In addition, exterior repairs to our **church windows** were completed

Projects to be completed in 2009

Costs will be paid with donations already received.

- **Tuckpointing**—Repairing the grout between bricks and replacing damaged bricks to seal the church exterior
- Replacing the **tower roofs** on the church
- Installing a new **lightning protection** system for the church

Capital Campaign Prayer

*Loving God,
 As we enter into this new phase
 of our parish,
 We turn to you with grateful hearts
 For all that we have
 And with grateful anticipation
 for what is yet to be.
 Bless us with a great sense of unity,
 A spirit of cooperation
 And generous hearts
 As we face the challenges and
 responsibilities
 Our parish is undertaking.
 We know there is much to do.
 We believe our goals are of need
 And heartfelt in your Word and
 Works.
 Heavenly Father, please guide us,
 strengthen us,
 And bless us with your presence
 Now and for future years to come.
 St. Alphonsus, pray for us.
 Our Mother of Perpetual Help,
 pray for us.
 In Christ's most precious name,
 pray for us.
 Amen.*

Projects to be initiated in 2010

Costs will be paid with a combination of cash already received and pledged contributions for 2010.

- A **new west entrance** to the Parish Center (former school building) will be created, with a handicap-access ramp into the building, an elevator to change floors, and barrier-free restrooms
- A **roof replacement** and infrastructure improvements to the Lafayette wing will allow the Food and Clothing Pantry and Catherine's Health Center to move into this area
- Repairs to the church **interior walls** will be made, eliminating cracks and repainting damaged surfaces

Priority projects for 2011

Significant funding will be available through pledged contributions for 2011; additional donors and donations will be required to conduct all projects on this list.

- Repair/replace church **steps** and exterior **walkways** and **ramps**
- Install new **heating system** for the church
- Refurbish **Parish Center** (cafeteria/kitchen)
- Refurbish **Rectory exterior**
- In addition, the master plan includes other potential projects—a circle drive, fellowship center, and air conditioning for the church. These projects will be revisited as funds become available.
